

▼ **INGREDIENTS**

Supplement Facts		
Serving Size: 2 capsules		
Amount Per Serving	% Daily Value	
Vitamin C (Calcium Ascorbate) .. 120 mg	200%	
Calcium (Ascorbate, Carbonate) .. 37 mg	4%	
Proprietary Blend.....	945 mg	*
<small>RNA/DNA Kidney Tissue Factors; Rose Hips (Herb); Gelatin; Epsom Salt; Cha De Bugre (Leaves); Fish Liver Oil; Sete Sangrias (Herb); Buchu (Leaves); Juniper Berries; RNA/DNA Adrenal Tissue Factors; Hesperidin; Cleavers (Herb); L-Serine; RNA/DNA Thalamus Tissue Factors; L-Phenylalanine; Rose Oil; Allantoin; L-Tyrosine; Spearmint Oil; Aloe Vera; Sodium Copper Chlorophyll</small>		
* Daily Value not established.		

Other Ingredients: Gelatin, Leucine and Dextrose

▼ **DOSAGE**

- 1-2 capsules twice a day, for 1-3 months, or as directed.
- 4 drops concentrated extract, CXK (Kidney): twice a day.

▼ **PACKAGING**

- 60 capsules/eco-bottle.
- Concentrated extract, CXK (Kidney): 1/2 oz. glass bottle with dropper.

▼ **PERSPECTIVE**

The two kidneys have their work cut out for them. They filter metabolic wastes from the blood, make erythropoietin that triggers bone marrow to make red blood cells, help maintain proper blood pH, activate Vitamin D₃ for bone integrity, and provide the constitutional ch'i (etheric energy) that supports youthfulness, reproductive processes, hair, skin, and bone strength.

▼ **LIFESTYLE**

#56 K (Kidney)
#2056 CXK (Kidney)

Targeted nutrition for the kidneys. A combination of traditional and non-traditional herbs and nutrients. Doc Wheelwright designed this formula to support normal kidney/bladder functions: e.g. regulate pH, purify the blood, process vitamin D₃, help maintain normal blood pressure, generate healthy kidney ch'i, maintain healthy electrolyte balance, and produce erythropoietin hormone. In Chinese herbology, the kidneys are the seat of the vital ch'i that provides confidence and determination.

▼ **INDICATIONS**

- Kidney tissue integrity
- Bladder integrity
- All kidney and kidney-related functions
- Back pain programs adjunct
- Heart programs adjunct
- Bone building programs
- Self-confidence building programs
- Drainage during purification programs

▼ **KEY COMPONENTS**

- **Buchu** – *Agathosma betulina*. A South African herb traditionally used as a kidney tonic. Supports normal kidney self-maintenance processes.
- **Cha de Bugre** – *Cordia ecalyculata*. A rain forest botanical known to support normal kidney, liver and heart functions. Contains allantoin. Has mild diuretic properties.
- **Cleavers Herb** – *Galium aparine*. Supports normal bladder and kidney relations with the microbial kingdom. Supports normal kidney self-maintenance processes. Often used as a culinary ingredient in soups.
- **Gelatin** – Has specific amino acids that nutritionally support the kidneys' protein structures. Building and supportive of kidney tissue.
- **Juniper Berries** – Supports normal kidney functions regarding microbes, congestion, tone, and self-purification processes. An alkalizer and mild diuretic.
- **Rose Hips** – Contains natural vitamin C. Often used for kidney support and bladder control. Supports the normal processes of collagen maintenance which helps sustain the tissue strength and elasticity e.g. tissue integrity.
- **Sete Sangrias** – A Brazilian 'wonder herb.' Supports normal kidney performance regarding body fluid level regulation, normal blood pressure regulation processes, and much more.
- **RNA/DNA Kidney Factors** – Specific support for the kidneys' cellular identity and tissue integrity via organized amino acids, peptides, and nucleoprotein structures.

▼ **CONTRAINDICATIONS**

None known. While containing a number of therapeutic botanicals, Doc Wheelwright taught that combined herbal formula nutrients work synergistically deriving the most benefit from small amounts of ingredients that enhance and support each other to gain beneficial impact.

▼ **CLINICIAN CONSENSUS**

- Comprehensive Kidney-Integrity Support:
 - # 56 K - Kidney
 - # 775 Water Tonify - Strengthen Bones
 - # 2 Builder
 - # 123 CLR - Chlorophyllin

▼ **BACKGROUND**

Unique among kidney support formulas, Doc Wheelwright combined North and South American botanical traditions with nutritional research to create this broad-spectrum kidney tissue support. Doc pioneered the use of high quality gelatin as being the optimal amino acid structure for kidney tissue integrity. Thus the focus of this formula is on the quality and integrity (collagen strength) of the kidneys as a tissue. "Strong kidneys function well." Doc investigated the Brazilian herbal tradition in great depth – exploring the Amazon watershed in search of Nature's pristine herbal species that bring health and healing to humanity.

▼ **SYNERGISTIC CONSIDERATIONS**

- #58 Ks - Kidney-s
- #450 KDIR - Fluidren
- #44 H - Heart
- #48 HQ - Heart Energy
- #45 Hcv - Heart Cardiovascular
- #850 MoRS - Methylation Donor
- #775 Water Tonify - Strengthen Bones
- #770 Water Sedate - Remove Dampness
- #31 Ga - Adrenal
- #129/#199 VitD3 - Vitamins D3/K2
- #101 ACP - Vitamin ACP
- #102 ACX - Vitamin Detox
