▼ **PERSPECTIVE**

Doc Wheelwright taught that the body's ultimate health processes were more comprehensive than the normal, circadian rhythm of cellular structures. His research pointed to deep health as being stimulated by energetic life balance and involving the stomach, adrenals and immune system.

**#6 (Restore)**

**#2006 CX6 (Restore)**

Designed to be paired with a BioFunction formula that targets a specific tissue, e.g. B (Brain) + #6 (Restore) in tandem. Supports the targeted tissue's cellular function regarding normal repair and reconstruction processes. Helps strengthen the cells' nutrient base and innate integrity. Works within the overall balanced operation of cellular function.

▼ **INDICATIONS**

- Supports deep cell maintenance support
- Supports immune balance
- Supports the rebuilding of cellular integrity associated with exercise recovery

▼ **KEY COMPONENTS**

- **Allantoin** – Cited as one of nature's great health promoters. A derivative of the comfrey plant.
- **RNA/DNA Stomach Factors** – From the *Healing Triad Concept* of Chinese Medicine, health begins in the stomach, bioenergetically as well as via digestion/absorption of needed nutrients.
- **RNA/DNA Duodenal Factors** – From the *Healing Triad Concept* of Chinese Medicine, health begins in the stomach, bioenergetically as well as via digestion/absorption of needed nutrients.
- **RNA/DNA Adrenal Factors** – Supports the adrenal glands that are greatly involved in the body's overall health, hormonally, immunologically and bioenergetically.
- **Aloe Vera** – One of nature's best optimal health nutrients.
- **Echinacea Purpurea** – Supports immune function and research points to the support of optimal cell health. Known to help accelerate post exercise recovery.
- **Mormon Tea** – An activator of cellular metabolic function.
- **Rose Hips** – Natural, whole complex vitamin C. Supports collagen production. Antioxidant.
- **L-Methionine** – A lipotropic (helps fat metabolism) and precursor to SAME (s-adenosyl methionine).
- **L-Glutamic Acid** – Recognized for its power as a neurotransmitter, brain fuel, key compound in cellular metabolism, supports ATP production.
- **Hesperidin** – A bioflavonoid and micro-antioxidant for healthy blood vessel support. Supports healthy collagen production.

▼ **BACKGROUND**

BioCommand formulas are a milestone breakthrough in the history of herbology. They were designed by Doc Wheelwright to increase the effectiveness and restorative action of a BioFunction formula (specific tissue nutrition) through enhanced assimilation, increased tissue receptivity, and most importantly, by specifying the direction and impact of the combined herbal matrix toward one of six specific cellular functions (commands). This allows the herbal practitioner greater precision in clinical applications of herbal medicine.

▼ **SYNERGISTIC CONSIDERATIONS**

#6 (Restore) is a complimentary, enhancing formula to any of the BioFunction formulas and many other Systemic formulas by its inclusion. Clinicians' favorite applications include:

- DSIR (Intergen) + #6 (Restore)
- Gt (Thymus) + #6 (Restore)
- AO (Aloe Vera) + #6 (Restore)
- #2 (Builder) + #6 (Restore) best used at separate times of day
- D (Digestive) + #6 (Restore)
- General Tonify (Generate The Pulse) + #6 (Restore)
- Energy Sedate (Clear Heat) + #6 (Restore)
- Energy Tonify (Tonify Yin) + #6 (Restore)
- PRO (Nutro Protein) + #6 (Restore)
- REV (Renovator) + #6 (Restore)
- Spectra One & Two (Whole Food Cell Multi-Vit/Min/EFAs) + #6 (Restore)
- VISTA One & Two (Membrane Regeneration) + #6 (Restore)
