

VINGREDIENTS

| Amount Per Serving % | DV |
|---|-----|
| Hemp Extract35 mg Terpene Blend0.110 mcg (Myrcene, Linalool) Flavonoid Ext. Blend29 mg (Kaempferol, Quercetin, Luteolin) | * * |
| * Daily Value not established. | |
| Other Ingredients: Perilla Seed Oil (Organic), Ethanol (Organic), Glycerin (Organic), Orange Flavor | |

V DOSAGE

 Adults: 1 mL, orally, 2-3 times a day, or as directed.

VPACKAGING

• Liquid: 1 fl. oz. glass dropper bottle.

VPERSPECTIVE

Plants contain thousands of oils, many of which have healthful benefits for humans. For example, hemp plants have been used since ancient times for a variety of ailments. Hemp plants contain hundreds of different oils like cannabinoids, flavonoids, terpenes, etc. There are around 100 phytocannabinoids in hemp, with cannabidiol (CBD) being the major one.

VLIFESTYLE

#242 Hemp Oil

This formulation contains full-spectrum, purified phytocannabinoids, along with a blend of flavonoids (Kaempferol, Quercetin, and Luteolin) and two terpenes (Myrcene and Linalool). Plant Omega 3 oil is used as a carrier to help increase CBD bioavailability. Of the thousands of terpenes found in the plant kingdom, about 200 have been identified in hemp. Likewise, there are many flavonoids found in plants, including hemp. Phytocannabinoids, terpenes and flavonoids are backed by numerous studies showing that they provide support to our immune health, metabolism and our stress response.

VINDICATIONS

STEMIC FORMULAS INC The Leader in Cellular Nutrition

- Supports healthy stress response
- Supports overall body function and general health
- Antioxidant support
- Supports a healthy immune response
- Supports healthy digestive & neurological health

V KEY COMPONENTS

- Hemp Extract Broad-spectrum, THC-free isolate that allows you to personalize the level of hemp extract to support overall wellness.
- Myrcene A powerful terpene that supports overall immune response.
- Linalool An effective terpene that supports a healthy stress response.
- Flavonoid Extract Blend Kaempferol, Quercetin and Luteolin provide excellent antioxidant support.
- Perilla Seed Oil Rich source of omega-3 polyunsaturated fatty acids (PUFAs), specifically alphalinolenic acid (ALA).

V CONTRAINDICATIONS

None when used as recommended. If pregnant, nursing, or taking medications, consult your healthcare practitioner before use.

VCLINICIAN CONSENSUS

Comprehensive Hemp Support:
#242 Hemp Oil

V BACKGROUND

Systemic Formulas partnered with Phytolife Laboratories to study the effects of our phyto-oils separately and in various combinations on living human cells. The cell biology approach allows us to measure the effects of nutraceutical products such as hemp oils on different human cells. Such information is valuable in determining dosage, safety and immune suppression of hemp products. In particular, our formula was tested on human immune and intestinal cells. Our Hemp Oil formula produces greater immune health than Hemp (phytocannabinoids) oil alone, or without oil.

VSYNERGISTIC CONSIDERATIONS

- #488/#1488 VIVI Virox
- #865 RPM Pre-Resolvin; Protectin; Maresin
- #880/#881 Vista One Membrane Regeneration
- #882/#883 Vista Two Membrane Regeneration
