

# Derma Serum

## Skin Microbiome & Cell Restoring Serum

Skin

Whole Body

Immunity

## KEY INDICATIONS

- Acne and congested, breakout-prone skin
- Rosacea, psoriasis, eczema, and autoimmune-related inflammatory skin conditions
- Post-procedure or surgical skin recovery and repair
- Dry, flaky, thinning skin or scalp with impaired hydration
- Microbial or infectious skin overgrowth and persistent body odor (underarm, groin)
- Fine lines, wrinkles, and loss of skin integrity
- Recovery from topical antibiotics or steroid use, including diaper rash and sensitive skin
- Reactive, allergy-prone skin and environmental sensitivity flare-ups

## HOW IT WORKS

Derma Serum restores a balanced skin microbiome to reduce inflammation, support wound healing, and strengthen the skin barrier. Its synbiotic, oil-based formula delivers viable probiotics alongside antioxidant-rich botanical oils, ceramides, and amino acids to enhance skin hydration, skin elasticity, and repair. Its specific probiotic strains help correct skin dysbiosis, promote antimicrobial defense, and support a resilient, vibrant, youthful complexion.

## CLINICAL PEARLS

- Supports autoimmune-related skin conditions by restoring the skin microbiome and calming skin inflammation.
- Protects against UV stress while promoting wound healing, skin regeneration, and repair of damaged tissue.
- Pair with **Derma  $\mu$ Biomic** to enhance recovery and skin immunity.

<i>Bacillus licheniformis</i> MS12; <i>Bifidobacterium infantis</i> ; <i>Ligilactobacillus salivarius</i> ; <i>Lactocaseibacillus paracasei</i> ; <i>Roseomonas mucosa</i> MS18; <i>Staphylococcus xylosus</i> MS20; <i>Staphylococcus epidermis</i> MS19		
*Daily value not established.		
** At time of manufacture.		

## KEY INGREDIENTS & BENEFITS

***Staphylococcus epidermidis* MS19, *Roseomonas mucosa* MS18, *Staphylococcus xylosus* MS20:** Helps restore and balance the skin microbiome, inhibits pathogenic bacteria, regulates inflammation, and enhances skin immune defense.

***Ligilactobacillus salivarius*, *Bifidobacterium infantis*, *Lactocaseibacillus paracasei*, *Bacillus licheniformis* MS12:** Supports skin barrier function, reduce inflammation, disrupts pathogenic biofilms, and promotes wound repair and tissue regeneration.

**Jojoba Oil, Borage Oil, Squalane Oil, Kukui Oil, Marula Oil, Perilla Oil, Grape Seed Oil, Sea Buckthorn Oil, Coconut Oil:** Delivers essential fatty acids to hydrate, nourish, regulate sebum, reduce inflammation, and support skin repair and resilience.

**Ceramides, Beeswax:** Helps restore and reinforce the skin barrier, lock in moisture, and protect against environmental stressors and irritation.

**Vitamin E, Vitamin D3:** Supports antioxidant protection, immune function, and skin regeneration while helping reduce oxidative stress and inflammation.

**Vanillin:** Provides additional antioxidant support while contributing to formula stability and skin-soothing effects.

## INSTRUCTIONS

Maintenance dose: Shake well and apply 1 mL to the affected area, twice daily

Therapeutic dose: Shake well and apply 1 mL three times daily, on and around the affected region

## ALLERGEN & DIETARY INFO

- cGMP Facility
- Vegetarian
- Dairy Free
- Gluten Free
- No Sugar
- Non-GMO

## SAFETY & CONTRAINDICATIONS

- Can be used during pregnancy and lactation under practitioner guidance to support skin barrier integrity, hydration, and microbial balance during periods of increased skin sensitivity and hormonal change.
- For pediatric or sensitive skin, perform patch tests before full application.
- Use caution in individuals with known sensitivities to botanical oils or coconut-derived ingredients.
- Avoid contact with eyes and mucosal surfaces. If irritation worsens, reduce frequency or discontinue.
