

# 6

## Restore

Hormone

Brain

Metabolism

## KEY INDICATIONS

- Poor response to targeted organ protocols
- Delayed or incomplete recovery following illness or stress
- Impaired tissue responsiveness or stalled healing
- Systemic inflammatory burden limiting repair
- Reduced regenerative capacity under chronic stress
- Need to prepare tissues for deeper therapeutic protocols
- Post-surgical or post-procedural recovery support
- Foundational support in depleted or non-responsive cases

## HOW IT WORKS

6 – Restore supports foundational tissue recovery by improving digestive assimilation, epithelial integrity, and immune signaling. It enhances stomach–duodenal coordination while supporting adrenal and thymic regulation involved in repair and resilience. By providing antioxidant protection and structural substrates for cellular renewal, it helps restore tissue responsiveness and prepare the body to respond more effectively to targeted organ-specific protocols.

## CLINICAL PEARLS

- Use when response to a targeted organ formula plateaus.
- Initiate before intensive protocols in depleted individuals.
- Helpful after illness, antimicrobial therapy, or stalled recovery.
- Combine with organ formulas such as **Ga – Adrenal** or **Gf – Thyroid** during therapeutic phase.

## SUPPLEMENT FACTS

Serving Size: 1 capsule Servings: 30

	Amount Per Serving	%DV
Vitamin A	5300 IU	106%
Vitamin C (Mag Ascorbate)	3 mg	5%
Vitamin B6 (Pyridoxine HCl)	1.5 mg	75%

Proprietary Blend 430 mg \*

RNA/DNA Stomach Tissue Factors (Porcine); RNA/DNA Duodenal Tissue Factors (Porcine); Echinacea Purpurea (Rt); RNA/DNA Adrenal Tissue Factors (Bovine); Mormon Tea (Hb); Senna (Pod); Rose Hips (Hb); Stevia (Lf); Allantoin; RNA/DNA Thymus Tissue Factors (Bovine); Citrus Bioflavonoids; L-Methionine; Pau D'Arco (Bk); L-Glutamic Acid; Spearmint Oil; Yarrow (Fi); Goldenseal (Rt); Aloe Vera (Lf); Sodium Copper Chlorophyll

\*Daily Value not established.

Other Ingredients: Gelatin, and Leucine.

A/21

## KEY INGREDIENTS & BENEFITS

**Vitamin A, Vitamin C (Magnesium Ascorbate), Vitamin B6 (Pyridoxine HCl), Citrus Bioflavonoids, Rose Hips (Hb), Sodium Copper Chlorophyll:** Provide antioxidant nutrients and cofactors that support epithelial repair, collagen integrity, immune coordination, and redox balance. These nutrients help protect tissues from oxidative stress, while promoting healthy cellular renewal during periods of recovery.

**RNA/DNA Stomach Tissue Factors (Porcine), RNA/DNA Duodenal Tissue Factors (Porcine), Aloe Vera (Lf), Senna (Pod), Stevia (Lf), Spearmint Oil:** Support digestive signaling, mucosal integrity, and coordinated nutrient assimilation. These ingredients help reinforce epithelial resilience and maintain balanced intestinal motility to support tissue repair and nutrient absorption.

**RNA/DNA Adrenal Tissue Factors (Bovine), RNA/DNA Thymus Tissue Factors (Bovine), Echinacea Purpurea (Rt), Goldenseal (Rt), Pau D'Arco (Bk), Yarrow (Fi), Mormon Tea (Hb):** Support immune signaling, antimicrobial resilience, inflammatory balance, and adaptive stress responses during recovery.

**L-Methionine, L-Glutamic Acid, Allantoin:** Provide substrates supporting protein synthesis, methylation balance, detox pathways, and epithelial regeneration.

## INSTRUCTIONS

Maintenance dose: 1 capsule daily with food

Therapeutic dose: 1 capsule twice daily with food

## ALLERGEN & DIETARY INFO

- cGMP Facility
- Gluten Free
- Non-GMO

## SAFETY & CONTRAINDICATIONS

- Not recommended during pregnancy due to antimicrobial botanicals and tissue factors.
- Use caution during lactation; practitioner supervision advised.
- Not intended for pediatric use unless directed by a qualified healthcare practitioner.
- This formula contains bovine and porcine-derived glandular tissue factors; inappropriate for vegan, vegetarian, Halal, or Kosher diets.
- Not intended for prolonged daily use due to anthraquinone-containing botanicals (Senna).
- Potential herb-drug interactions exist; use caution if administering alongside medications metabolized by CYP3A4 or CYP2D6 pathways (due to Goldenseal).
