

MucosaGenic

Gut Lining Restorer

Gut

Immunity

Detox

Brain

KEY INDICATIONS

- Intestinal permeability (leaky gut), compromised mucosal integrity
- Indigestion, reflux, upper GI irritation
- Food sensitivities, histamine intolerance
- Autoimmune conditions, chronic gut inflammation
- Skin conditions linked to gut dysfunction (eczema, psoriasis, acne)
- Nutrient malabsorption
- Microbiome imbalance, low short-chain fatty acids
- Pre-detoxification gut barrier support

HOW IT WORKS

MucosaGenic supports pathways involved in tight junction integrity and gut inflammatory balance. Its nutrigenomic ingredients help regulate expression of mucin (*MUC*) and tight junction (*TJP*) genes, promoting epithelial repair and mucosal resilience. It also supports mucin production, microbiome balance, and barrier function, improving digestion and nutrient absorption. By stabilizing the intestinal environment, it supports immune signaling and gut-brain communication, contributing to improved gastrointestinal and systemic function.

CLINICAL PEARLS

- Pair with **EnzyGenic** to support digestive function and prevent further damage to gut lining.
- Pair with targeted **µBiotics** and **Superfoods** to improve digestion and microbiome balance alongside gut lining repair.
- Use therapeutic dosing during active symptoms (bloating, food reactions, histamine flares). Transition to maintenance once digestion stabilizes and food tolerance improves.

SUPPLEMENT FACTS

Serving Size: 2 capsules
Servings Per Container: 30

	Amount Per Serving	%DV
Zinc (L-Carnosine)	12mg	109%
Diamine Oxidase (DAO) (from Pea Sprout)	70,000 HDU	*
Proprietary Blend	800mg	*
L-Alanyl-L-Glutamine; Acetic Acid (Apple Cider Vinegar); Spearmint (Lf); Licorice (Rt); Aloe Vera (Ext); Berberine; Calcium Butyrate; Arachidonic Acid; Grape Seed (Ext); IgY Max™; Genistein; TUDCA (Tauroursodeoxycholic Acid)		

*Daily Value not established.

Other Ingredients: Cellulose, Leucine, and
Silica. H/25

KEY INGREDIENTS & BENEFITS

TUDCA, Zinc L-Carnosine, Berberine, Diamine Oxidase (DAO): Support intestinal barrier integrity by reinforcing tight junctions, promoting epithelial repair, aiding bile flow and detoxification, and reducing inflammation and histamine-related gut reactivity.

L-Alanyl-L-Glutamine, Calcium Butyrate, Aloe Vera: Mucosal regeneration, enhance mucin production, support colonocyte energy, and improve nutrient absorption while helping restore the intestinal lining.

Genistein, Grape Seed Extract, Licorice, Spearmint: Provide antioxidant and anti-inflammatory support to calm irritated tissues, reduce oxidative stress, and stabilize the gut environment.

IgY Max™, Acetic Acid, Arachidonic Acid: Support immune defense against microbial challenges, promote a balanced microbiome, and assist in intestinal epithelial repair and cellular renewal to maintain a resilient mucosal barrier.

ALLERGEN & DIETARY INFO

- cGMP Facility
- Vegetarian
- Gluten Free
- Non-GMO
- Dairy Free
- No Sugar
- Contains: Egg

INSTRUCTIONS

Maintenance dose: 2 capsules daily
with food

Therapeutic dose: 2 capsules twice
daily with food

SAFETY & CONTRAINDICATIONS

- Generally considered safe during pregnancy and lactation; however, use under the guidance of a qualified healthcare practitioner. Its bioactive compounds may aid maternal digestion and nutrient absorption while promoting a low-inflammation environment for fetal and infant development.
- Appropriate for pediatric use under professional supervision; dosing should be individualized based on age, weight, and clinical presentation, particularly in cases involving gut barrier support or food sensitivities.
- IgY Max™ is derived from hyperimmune chicken egg yolk and supports targeted gut immune defense. Generally well tolerated; not suitable for individuals with a true egg allergy.
