

VRM4

Cell

Immunity

Detox

Gut

KEY INDICATIONS

- Support for cell-invasive and blood-borne parasitic organisms
- Systemic microbial and parasitic terrain balance
- Support for migratory parasitic species affecting tissues
- Immune and microbiome support during parasite protocols
- Digestive support during parasite-clearing programs
- Support for normal elimination of parasitic byproducts

HOW IT WORKS

VRM4 is a comprehensive botanical formula designed to support the body when parasitic organisms extend beyond the intestinal environment and affect cellular or systemic terrain. The formula promotes conditions unfavorable to organism persistence while supporting digestive breakdown, tissue drainage, immune signaling, and elimination pathways that help the body clear microbial and parasitic byproducts through normal detoxification processes.

CLINICAL PEARLS

- Use with **Clear 1 µBiomic & Clear 2 µBiomic** for additional microscopic pathogens
- Pair with **BindGenic** to minimize cleansing reactions
- Targets *Bartonella*, *Rickettsia*, and protozoa species *Plasmodium*, *Toxoplasma*, *Cryptosporidium*, Malaria, Chagas.
- Use therapeutic dosing for active or persistent symptoms; best taken before bed to support overnight detoxification, alternative form: **CXVRM4** (liquid extract).

SUPPLEMENT FACTS

Serving Size: 1 capsule Servings: 30

	Amount Per Serving	%DV
Proprietary Blend	490 mg	*
Kamala (Herb); Citrus Bioflavonoids; Guarana (Seed); Sweet Wormwood (Herb); Erva Tostao (Herb); Maracuja (Leaves); Valerian (Root); Black Walnut (Leaves); Wormseed (Herb); Fleabane (Herb); Quassia Chips; Papain; Betel Nut; Worm- seed Oil; Alfazema (Leaves)		

*Daily Value not established.

Other Ingredients: Cellulose and Leucine.

KEY INGREDIENTS & BENEFITS

Kamala (Herb), Sweet Wormwood (Herb), Black Walnut (Leaves), Wormseed (Herb), Fleabane (Herb), Quassia Chips, Erva Tostao (Herb), Wormseed Oil: Provide traditional botanical compounds historically used to support parasite-cleansing programs. These herbs supply bitter phytochemicals, tannins, and volatile oils that help create an internal environment unfavorable to parasitic organisms while supporting microbial balance.

Citrus Bioflavonoids, Guarana (Seed): Provide antioxidant polyphenols that support immune signaling and cellular resilience during microbial or parasitic stress.

Papain: Provides proteolytic activity that helps break down protein structures, digestive debris, and biological material that may shelter parasitic organisms, supporting digestive clearance.

Maracuja (Leaves), Valerian (Root), Alfazema (Leaves): Provide calming botanical compounds traditionally used to soothe digestive tension and support coordinated intestinal motility during cleansing protocols.

Betel Nut: Contributes traditional botanical compounds historically used in digestive parasite-cleansing practices.

INSTRUCTIONS

Maintenance dose: 1 capsule daily.

Therapeutic dose: 2–3 capsules, twice daily.

ALLERGEN & DIETARY INFO

- cGMP Facility
- Gluten Free
- Non-GMO

SAFETY & CONTRAINDICATIONS

- Not recommended during pregnancy or lactation due to the presence of botanicals that may have uterine-stimulating, neuroactive, or insufficiently studied effects in these populations.
- For pediatric use, consult a qualified healthcare practitioner to determine appropriate dosing based on age, weight, and sensitivity.
- Not intended for long-term continuous use; this formula is designed for targeted, short-term use within structured cleansing protocols under practitioner guidance.
- Use caution in individuals with known allergies to nuts, particularly Black Walnut, as hypersensitivity reactions may occur.
- Use caution in individuals with liver or kidney conditions as concentrated botanical extracts may increase metabolic burden.
