

GOLD

Immune Plus

Immunity

Gut

Whole Body

KEY INDICATIONS

- Cold or flu symptoms with ongoing congestion, irritation, or progression
- Sinus congestion, runny nose, or upper respiratory infections
- Recurrent infections or incomplete microbial clearance
- Gastrointestinal microbial imbalance or digestive infections
- Swollen lymph nodes or active immune response
- High exposure risk (school, travel, seasonal shifts)
- Fatigue or slow recovery due to prolonged microbial burden
- General immune support during microbial exposure

HOW IT WORKS

GOLD supports how the body handles microbial load while supporting clearance through the gut and respiratory tract. It helps maintain mucosal barrier integrity and lymphatic movement to assist in removing unwanted organisms. Circulatory support improves delivery of white blood cells, antibodies, and cytokines to affected tissues. This coordinated support helps the body address infections efficiently, supports resolution of lingering microbial burden, and reduces the likelihood of prolonged symptoms or excessive immune strain.

CLINICAL PEARLS

- Pair with **VIVI** during viral challenges and respiratory immune stress.
- Pair with **ImmuneGenic** to reduce symptoms during acute/recurrent infections.
- Use with **Clear 1 µBiomic & Clear 2 µBiomic** when gut dysbiosis or pathogenic burden is driving immune symptoms.
- Therapeutic dosing recommended during acute/recurrent infections for 7–14 days, then reassess.

SYSTEMIC FORMULAS INC

SUPPLEMENT FACTS

Serving Size: 2 capsules

Servings: 30

	Amount Per Serving	%DV
Vitamin C (Mg Ascorbate)	30 mg	33%
Vitamin B1 (Thiamine HCl)	12 mg	1000%
Vitamin B6 (Pyridoxal-5'-Phosphate)	32 mg	1882%
Niacin	32 mg NE	200%
Proprietary Blend	840 mg	*
Sterilized Yeast		
Rose Hips (Herb)		
Goldenseal (Root)		
Spearmint (Leaves)		
Fenugreek (Seed)		
Garlic (Root)		
Elderberry (Flower)		
Cassia		
Leptotaenia Oil		

*Daily Value not established.

Other Ingredients: Gelatin and Leucine.

KEY INGREDIENTS & BENEFITS

Vitamin C, Vitamin B1, Vitamin B6, Niacin: Support immune cell energy through NAD-dependent pathways, antioxidant protection against reactive byproducts generated during infection, and enzyme activity required for immune response, circulation, and metabolism.

Goldenseal, Garlic, Elderberry, Rose Hips, Fenugreek, Cassia, Spearmint: Provide antimicrobial compounds that help limit bacterial and viral activity, interfere with microbial growth, and support mucosal defenses across the respiratory and gastrointestinal systems, including mucus flow and barrier protection.

Sterilized Yeast: Provides nutritional cofactors and immune-supportive compounds that help maintain microbial balance and support gut-associated immune activity during infection and recovery.

Leptotaenia Oil: Supports digestive circulation and enhances exposure of active compounds within the gastrointestinal tract, improving contact with microbes and supporting localized immune response.

ALLERGEN & DIETARY INFO

- cGMP Facility
- Non-GMO
- Gluten Free

INSTRUCTIONS

Maintenance dose: 1 capsule twice daily with food

Therapeutic dose: 2 capsules twice daily with food

Liquid options available: CXGOLD concentrated extract or TGOLD tincture for flexible dosing

SAFETY & CONTRAINDICATIONS

- Not recommended during pregnancy due to the presence of goldenseal and cassia that have potential effects on uterine activity and bile flow.
- Due to the goldenseal, use with caution in individuals taking anticoagulant or antiplatelet medications.
- For pediatric use, consider TGOLD as the liquid form of this formula to allow for easier administration and flexible dosing under professional supervision.
